Life Is My Friend

Crazy Penis

Bridge arm in arm yeah
Gap down the street
Wrong way to play this
So indiscrete
Fizz fizz inside you
Dance off your feet
Fill fill the fun times
I can feel the heat
Drink till you sober
Feel down the street
Kiss all the ladies
So indiscrete
Plans change by hour
Do as you please
Dark sky to hide me
Back comes the hummmmmI feel night is my friend
She'll hide me hide me and then
I feel night is my friend
She'll hide me hide me and thenNo need to explain (x5)Bridge arm in arm yeah
Gap down the street
Wrong way to play this
So indiscrete
Fizz fizz inside you
Dance off your feet
Fill fill the fun times
I can feel the heat
Drink till you sober
Feel down the street
Kiss all the ladies
So indiscrete
Plans change by hour
Do as you please
Dark sky to hide me
Back comes the hummmmmI feel night is my friend
She'll hide me hide me and then
I feel night is my friend
She'll hide me hide me and thenNo need to explain (x5)Bridge arm in arm yeah
Gap down the street
Wrong way to play this

So indiscrete
Fizz fizz inside you
Dance off your feet
Fill fill the fun times
I can feel the heat
Drink till you sober
Feel down the street
Kiss all the ladies
So indiscrete
Plans change by hour
Do as you please
Dark sky to hide me
Back comes the hummmmmI feel night is my friend
She'll hide me hide me and then
I feel night is my friend
She'll hide me hide me and thenNo need to explain (x5)Drink till you sober
Feel down the street
Wrong time to play love
So indiscrete
Oh I know this
Oh I know this
