

King of Mars

Monster Magnet

You can rape the world and be creative now
You can kiss the right side of your brain Oh, they can tell the tarots for the rest of us
And I can crown me Tarzan, king of Mars
Oh, they can tell the tarots for the rest of us
And I can crown me Tarzan, king of Mars All the blazing suns
Suck up all the Gods and punks
It's enough to change your life
And you know I love to come I can see beyond your dreams
I can see it on TV
Keep it all for me babe, all forever You can rape the world and be creative now
You can kiss the right side of your brain, yeah Oh, they can tell the tarots for the rest of us
And I can crown me Tarzan, king of Mars
Oh, they can tell the tarots for the rest of us
And I can crown me Tarzan, king of Mars You can rape the world and be creative now
You can kiss the right side of your brain Oh, they can tell the tarots for the rest of us
And I can crown me Tarzan, king of Mars
Oh, they can tell the tarots for the rest of us
And I can crown me Tarzan, king of Mars
Yeah
