

I Want the Heartbeat

[Johnny Marr](#)

Pulse correct my lottery
And life's a ward
Now she's on me
Fast machine transmits
Her wave to wave activity
Pure correct technology
Quick ! strap - connect that beat to me
Flatline reveal transmits
Heart rate to her maximum beat I want the heartbeat
Pulse connect that kick for me
All night I've got your frequency
Fast machine transmits
Your wave to wave activity Get me my own machine
Technology ! technology !
Get me my own machine
Let me switch her on again
Hook me up
Receive I want the heartbeat Get me !
My own machine
Technology ! technology !
Get me !
My own machine !
Let me fix her up again
Hook me up
Receive I want the heartbeat
