Lose You Tonight

Kristina Train

First sound of the morning bird
Won't be long until we stir
Reach over to the pillowcase
I'd only feel a cold empty space
We were hit so hard by the street
Walking in the still summer heat
Like faces in an endless sea
I wait for you to ride on with me

I should have seen it coming there were more than warning signs
But I was blind
We could work it out if you would let go of your pride
Make up your mind

You know we always try
Never seem to get it right
We're running out of time
I don't wanna lose you tonight

Brushes on the riverside
They're swaying in the rising tide
We have only us to give
And I want something more than this

I should have seen it coming there were more than warning signs
But I was blind
We could work it out if you would let go of your pride
Make up your mind

You know we always try
Never seem to get it right
We're running out of time
I don't wanna lose you tonight

You know we always try
Never seem to get it right
We're running out of time
I don't wanna lose you tonight

You know we always try

Never seem to get it right
We're running out of time
I don't wanna lose you tonight

Don't wanna lose you
Don't wanna lose
Don't wanna lose you
Lose you
