

Everybody Said (But Nobody Did)

Acappella

Chorus:

Everybody said that anybody could do
The important things somebody should do
Everybody knows that anybody could do
All the good things that nobody did

Repeat Chorus

Well the preacher came to me and said what I ought to do
If I wanted to make my religion true
He'd do it himself but he really didn't have the time
He said that the duty was mine

Repeat Chorus (x2)

Well the deacon came by and said give me a hand
If you want to be going to the promised land
Here is something that I don't have time to do
So I better give it to you

Repeat Chorus (x2)

Well I'm too busy so I tell everybody
The work's got to get done by somebody
It can be done by anybody
But nobody (nobody), nobody (nobody), nobody did

Repeat Chorus (x2)

All the good things that nobody did (x2)
