

Perfect People

The Walls Group

[Verse 1: Ahjah and Rhea]

This song is not for you, if you've never cried a river
Or had your heart broken in two

This song is not for you, if everyday you wake up
The skies are blue But this is for anyone, no matter how you pray
The pain won't let you get through
But you try and you try

Still they lie, they say that it's over for you [Chorus: All]
If you're a miracle today and God has always made a way
If you have food to eat, a place to sleep and you really can't complain
This song is for you oh, oh, oh, oh, oh, oh, oh, oh, oh, oh
After everything you've been through

This song is for you oh, oh, oh, oh, oh, oh, oh, oh, oh, oh [Verse 2: Paco and Darrel]

This song is not for you, if you love judging others
But you make the same mistakes

This song is not for you, if you think you're name is Jesus
And forget you're in need of grace But this is for anybody who needs a little mercy
Just to make it through the day
But they try and they try

Still they lie, they say that it's over for you [Chorus: All]
If you're a miracle today and God has always made a way
If you have food to eat, a place to sleep and you really can't complain
This song is for you oh, oh, oh, oh, oh, oh, oh, oh, oh, oh
After everything you've been through

This song is for you oh, oh, oh, oh, oh, oh, oh, oh, oh, oh [Bridge]

All the perfect people, the perfect people
Perfect people, the perfect people
All the perfect people, the perfect people

Perfect people make some noise But you're a miracle today, and God has always made a way

If you have food to eat, a place to sleep and you really can't complain [Chorus: All]

If you're a miracle today and God has always made a way
If you have food to eat, a place to sleep and you really can't complain
This song is for you

After everything you've been through

This song is for you For everything you've gone through, this song is just for you This song is for you oh, oh, oh,
oh, oh, oh, oh, oh, oh, oh, oh, oh

After everything you've been through

This song is for you oh, oh, oh, oh, oh, oh, oh, oh, oh, oh You are a miracle today...
