Sunshine

Gareth Gates

I'm the first to complain about the rain

'Cause I don't like it like that

But when I see the sunshine

Breaking through the clouds

I'm lovin' the rest of the dayCome, take a walk with me

We'll take our time as we

Watch our cares float awayThis is a time when I

Don't even have to try

Hope this happens today, yeah, yeahWhatcha gonna do about it?

Whatcha gonna say when I say?

Baby, it's just one of those days

Whatcha gonna do today?You can see that I'm smiling

There's no denying

'Cos the sun is shining

Whatcha gonna do today?

Whatcha gonna do today? Since the clouds up above obstruct the sun

I'll be waiting indoors

(I'll be waiting)

But when I see the sunshine

Breaking through the clouds

I'm lovin' the rest of the dayCome, take a walk with me

We'll take our time as we

Watch our cares float away, yeahThis is a time when I

Don't even have to try

Hope this happens today Whatcha gonna do about it?

Whatcha gonna say when I say?

Baby, it's just one of those days

Whatcha gonna do today? You can see that I'm smiling

Baby there's no denying

'Cos the sun is shining

Whatcha gonna do today?

Whatcha gonna do today? Whatcha gonna do?

Whatcha gonna do today?

(Whatcha gonna do?) Whatcha gonna do?

Whatcha gonna do today?

(Are you gonna tell me, baby?) Whatcha gonna do?

Whatcha gonna do today?

(Tell me whatcha gonna do?)

Whatcha gonna do today?

Whatcha gonna do today? Whatcha gonna do about it?
Whatcha gonna say when I say?
Baby, it's just one of those days
Whatcha gonna do today? You can see that I'm smiling
There's no denying

Whatcha gonna do today? Whatcha gonna do about it? Whatcha gonna say when I say?

'Cos the sun is shining

Baby, it's just one of those days

Whatcha gonna do today?You can see that I'm smiling
There's no denying

'Cos the sun is shining

Whatcha gonna do today? Whatcha gonna do about it?
Whatcha gonna say when I say?
Baby, it's just one of those days
Whatcha gonna do today? You can see that I'm smiling

There's no denying 'Cos the sun is shining
