

# Powerhouse

## Spike Jones & His City Slickers

Tough day on the firin' line, dontcha wanna make some time  
Come down take a chance or two, I'll be lookin' out for you

Run all night, slip all day

Make me crazy baby, don't you wait

I got the key to the powerhouse

I got the key to the powerhouse

I got the key, you can't lock me out

C'mon baby we can work out--work out--work

Cold steel rollin' down the track--big wheel gonna break your back

Love's not an easy thing--love'll show ya everything

Drive all night--slum all day

Take me closer baby--don't you wait

I got the key to the powerhouse

I got the key to the powerhouse

C'mon down you can knock me out

C'mon baby we can work out--work out--work

Run all night, slip all day

Make me crazy baby, don't you wait

Drive all night, slum all day

Pull me closer baby, steal away
