

A Little Like Heaven

[Drew Copeland](#)

It was out on Paynes Prairie where I got my first kiss
There's the school yard where we would play as kids
We pulled arrow heads outa Hogtown Creek
And when the cops came 'round, we'd hide our drinks
Where I come from, it's a little like heaven
And I can't stay gone to long
Where I come from, yeah, yeah
We'd water ski on Melrose Bay
And we could wear flip flops on Christmas Day
When we had enough cash for gasoline
We'd all skip school and go to Crescent Beach
Where I come from, it's a little like heaven
And I can't stay gone to long
Where I come from, yeah, yeah
There's the old grave yard where my loved ones lie
The old church still stands there it's baptized
It's the place I go when I can't think clear
And when my time is up, bring me back here
Where I come from, it's a little like heaven
And I can't stay gone to long
Where I come from, yeah, yeah
