

# Want

## Rufus Wainwright

I don't want to make it rain  
I just want to make it simple  
I don't want to see the light  
I just want to see the flashlight  
I don't want to know the answers To any of your questions  
I don't want, no I really don't want  
To be John Lennon or Leonard Cohen  
I just want to be my Dad With a slight sprinkling of my mother  
And work at the family store  
And take orders from the counter  
I don't want to know the answers  
To any of your question I don't want, no I really don't want  
To be John Lithgow or Jane Curtin  
But I'll settle for love  
Yeah I'll settle for love Before I reached the gate  
I realized I had packed my passport  
Before security I realized  
I had one more bag left  
I just want to know If something's coming for to get me  
Tell me, will you make me sad or happy  
And will you settle for love  
Will you settle for love
