Window

Out Of Eden

God has given me a window
And I can finally see the light
And though, I felt like going under
I know it's gonna be alright, yeah, yeah

God has given me a window
And I can finally see the light
And though, I felt like going under
I know it's gonna be alright

You know that I've been there
When I couldn't find an open door
That's when He consoled me
And showed me what I was looking for

I just wanna take the time to say
His love will never go away
And when all is dark, no light to see
He brings away, oh, my God has

God has given me a window
And I can finally see the light
And though, I felt like going under
I know it's gonna be alright

God has given me a window
And I can finally see the light
And though, I felt like going under
I know it's gonna be alright

I know what you're thinking
It seems that it's too good to be true
But just when I need him
He's known for always coming through

I just wanna take the time to say
His love will never go away
And when all is dark, no light to see
He brings away, oh, you know that God has

God has given me a window
And I can finally see the light
And though, I felt like going under
I know it's gonna be alright

God has given me a window
And I can finally see the light
And though, I felt like going under
I know it's gonna be alright

It's gonna be alright
(It's gonna be alright)
It's gonna all work out fine
(It's gonna all work out fine)

No matter where you are in life
(No matter you are life now)
He's able

It's gonna be alright
It's gonna all work out fine
No matter where you are in life
He's able

God has given me a window
And I can finally see the light
And though, I felt like going under
I know it's gonna be alright

(It's gonna be alright)
God has given me a window
And I can finally see the light
(Just hold on tight)

(It's gonna be alright)
And though, I felt like going under
I know it's gonna be alright
(Just hold on tight)

Oh, I've found and I believe
That it's true, it's true indeed
No matter what you're going through
God has a window for you

Oh, I've found and I believe
That it's true, it's true indeed

No matter what you're going through
God has a window for you

(It's gonna be alright)
Oh, I've found and I believe
That it's true, it's true indeed
No matter what you're going through
(Just hold on tight)
God has a window for you

(It's gonna be alright)
Oh, I've found and I believe
That it's true, it's true indeed
No matter what you're going through
(Just hold on tight)
God has a window for you

(It's gonna be alright)
Oh, I've found and I believe
That it's true, it's true indeed
No matter what you're going through
(Just hold on tight)
God has a window for you

God has given me a window
