

Faith

BlasterJaxx

As we get up
The sun goes down
And the moon is the space in the cloud
A golden gate
The door to lalalalalaland
And as we fall into the sky
We'll be never afraid of the height
A night of Faith
The door to lalalalalaland Hands up for a filthy drop As we get up
The sun goes down
And the moon is the space in the cloud
A golden gate
The door to lalalalalaland
And as we fall into the sky
We'll be never afraid of the height
A night of Faith
The door to lalalalalaland Hands up for a filthy drop
