Eternity

Stratovarius

When clouds are covering the sky
I can't help thinking what's behind
In a fading evening
I feel strange thoughts in my mind
What if we aren't alone here
There's a clone of everyone somewhere
That duplicates all that we do
Not like me not like you but our other egoThere ain't no wars or crises
Only joy and compromises
Time has stood stillWhy don't you take me there
Want to feel some infinity
Why don't we just dare
Coz after all remains, eternityA landscape with no trees
And a mist arising from the distance
An illusion just for me
Or a proper reward and a chanceThere ain't no wars or crises
Only joy and compromises
Time has stood stillWhy don't you take me there
Want to feel some infinity
Why don't we just dare
Coz after all remains, eternity
