

Believe

The Mayfield Four

I believe in grace
That God redeems and saves
Someday I'll thank Him for it all I believe this life
Is a gift you can't deny
Even though this world can be so harsh It's so hard to believe in love I believe getting close
Is a danger to broken souls
The risk is never worth the gain It's so hard to believe in love I believe that the pain
May never go away
Someday I hope you'll understand It's so hard to believe in love After all I've endured
From your cruel selfish world
It's so hard to believe I don't believe in love
