## **Believe**

## **The Mayfield Four**

I believe in grace
That God redeems and saves
Someday I'll thank Him for it allI believe this life
Is a gift you can't deny
Even though this world can be so harshIt's so hard to believe in loveI believe getting close
Is a danger to broken souls
The risk is never worth the gainIt's so hard to believe in loveI believe that the pain
May never go away
Someday I hope you'll understandIt's so hard to believe in loveAfter all I've endured
From your cruel selfish world
It's so hard to believeI don't believe in love
