

# You Don't Love Me Anymore (And I Can Tell)

[Rick Nelson](#)

The kisses that you used to give are the sweet sweet kisses I will miss  
You don't love me anymore and I can tell I can tell  
Another boy has made you change when I'm around you're acting strange  
You don't love me anymore and I can tell  
Maybe you can bring yourself to tell me of him  
After thinking about the love we used to share  
When you're holding me I know you're thinking of him  
No you don't love me anymore and I can tell  
No you don't love me anymore and I can tell
