

Overkill

Motörhead

Only way to feel the noise is when it's good and loud

So good I can't believe it's screaming with the crowd

Don't sweat it, get it back to you

Don't sweat it, get it back to you Overkill, Overkill, Overkill, shut up On your feet you feel the beat, straight to
your spine

[Incomprehensible] it must be balck a kiss won't make you blind

Don't sweat it, get it back to you

Don't sweat it, get it back to you Overkill, Overkill, Overkill, shut up Know your body's made to move, you feel
it in your guts

Rock 'n' roll ain't [Incomprehensible] if it don't make you strut

Don't sweat it, get it back to you

Don't sweat it, get it back to you, look out Overkill, Overkill, Overkill, [Incomprehensible]
