# Heartbeat Radio

## Sondre Lerche

Tell me what you think about this song
Sue me if you reckon it's too long
I wanna know how you really feelTell me what you think this is funny
Spending all my time and my money
Trying to find how you really feelThe radio's perfect pitch
Makes me nauseous, oh
The dimwits are digging a ditch
On my heartbeat radioTell me what's the deal with the static
FM has become automatic
I wanna know did the DJ drownIn a sea of river and compression, oh
Wait till you hear the refrain
On my heartbeat radioMy darling waves can be replaced
But I will remember you
I'd sell my soul but you'll adore
Still I'm not receiving youTell me why you're changing the station
What comes after heavy rotation?
I wanna know am I coming through
I wanna know what I've done to youYou're wearing out my favorite song
And everyone else's, oh
Nothing but sad honky tonk
On my heartbeat ratioMy darling waves can be replaced
But I will remember you
I sold my soul and you'll adore
Still I'm not receiving youTell me what you think about this song
Tell me what you think about this song
Tell me what you think about this song
Tell me what you think about this songTell me what you think about
Tell me what you think about
Tell me what you think aboutWe laugh and cry but don't ask why
My poor heart still beats for you
Oh, my heartbeat radioMy darling waves can be replaced
But I will remember you
I'd sell my soul and you'll adore
Still I'm not receiving youOn my heartbeat radio
On my heartbeat radio
