

Other Worlds

Trivium

We're dreaming in colour
Believing no other
No otherWe're dreaming in colour
Believing no other
No otherIs there hope
To break through
All the walls
Built around you?You're like a song within a nightmare
A thought within a screamDim the world
A glassy stare
Face to face now
Do you even care to try to understand
Where we went wrong
Or how it seemsWe're dreaming in colour
Believing no other
'Cause we're living in other worlds
Breathing in other worldsWe're dreaming in colour
Believing no other
'Cause we're living in other worlds
Breathing in other worldsBroken mast
Shipwrecked mind
Future sinks
By designYou're like a song within a nightmare
A thought within a scream
Lost our minds
Lost our way
Face to face nowDo you even care to try to understand
Where we went wrong
Or how it seemsWe're dreaming in colour
Believing no other
'Cause we're living in other worlds
Breathing in other worldsWe're dreaming in colour
Believing no other
'Cause we're living in other worlds
Breathing in other worldsSomeone wake me from this nightmare
I can't even tell what's realSomeone wake me from this nightmare
I can't even tell what's realWe're dreaming in colour
But we're living in other worlds
Breathing in other worldsWe're dreaming in colour

But we're living in other worlds
We've lost our way in the other worldsWe're dreaming in colour
Believing no other
'Cause we're living in other worlds
Breathing in other worldsWe're dreaming in colour
Believing no other
'Cause we're living in other worlds
Breathing in other worlds
