

Afraid With You

Christon Gray

I'm not afraid to watch you go
I'm not afraid to watch you leave (ba da dada)
I'm not afraid to say goodbye
And I'm not afraid to set you free It's one in the morning and I'm tryna ignore it
But this problem isn't going away
I'm tired of fighting and I'm tired of writing
So hard to find the words to say I'm not afraid of the games that we'll play
Afraid of us fading away
With the ups and the downs we've been through
I'm so afraid of the way I love you I can't explain what I don't know
I can't explain what it's gonna be (ba da dada)
With all this pain I love you so
As long as it ends with you and me Two in the morning, I don't know what I'm doing
This problem isn't going away
I'm tired of fighting and I'm tired of writing
So hard to find the words to say I'm not afraid of the games that we'll play
I'm not afraid of us fading away
I'm not afraid that you'll always be true
But I'm afraid of the way I love you But I don't want to see you go
I don't wanna watch you leave (ba da dada)
I'm giving up on all my pride
So I can give you all of me It's three in the morning
I'm trying to ignore it
The problem isn't gone away
So I keep on fighting and I keep on writing
Till I find the words to say I'm not afraid of the games that we'll play
I'm not afraid of us fading away
I'm not afraid that you'll always be true
But I'm afraid of the way I love you One thing better, than being afraid with you
One thing better, than being afraid with you
The thing that's better than being afraid with you
Is getting better
