After years of expensive education  
A car full of books and anticipation  
Im an expert on Shakespeare and thats a hell of a lot  
But the world don't need scholars as much as I thoughtMaybe I'll go traveling for a year  
Finding myself or start a career  
I could work for the poor though Im hungry for fame  
We all seem so different but we're just the sameMaybe I'll go to the gym, so I don't get fat  
Aren't things more easy with a tight six pack?  
Who knows the answers? Who do you trust?  
I can't even separate love from lustMaybe Ill move back home and pay off my loans  
Working nine to five answering phones  
Don't make me live for my Friday nights  
Drinking eight pints and getting in fightsI don't want to get up, just let me lie in  
Leave me alone, I'm a twenty somethingMaybe I'll just fall in love that could solve it all  
Philosophers say that, thats enough  
There surely must be moreLove ain't the answer, nor is work  
The truth eludes me so much it hurts  
But Im still having fun and I guess that's the key  
I'm a twenty something and I'll keep being meIm a twenty something  
Let me lie in, leave me alone  
Im a twenty something
