

# Babylon (feat. Kendrick Lamar)

SZA

Crucify, cru-crucify me  
Crucify, cru-cru I can't recall the last time I took advice from anyone  
Shaped like a figure eight who trusts pretty girls anyway?  
And I can't recall the last time I took advice from anyone  
I'm sure I'll be the death of me  
And I can't recall the last time I took love from anyone  
I called daddy, who's got one anyway?  
Not me Are you hating yourself?  
Do you really hate me?  
Are you hating yourself? Was it worth it?  
Would you do it again?  
Aren't you tired of always making amends?  
I know you hate me now  
I bet you hate me now

Bring on the thorny crown Cross my heart then I hope to die with a peace of mind (a peace of mind)  
Piece together my brain soon as this beat rewind (beat rewind)  
Nitrogen and propane I spike your drink at times (turn up, turn up)  
I make it hard to swallow this game, you throw up every line  
I notice people got Napoleon complex but that's my confession  
You said that we're equal but I know  
You're beyond gassing that I'm beyond desperate (yeah that)  
6AM on a Friday morning, my darkest hours  
Them heartless hours  
My apartment is lost in a coffin  
I'm dead to the world like I popped me a couple downers  
Down & Out on my luck  
Salt water all on my tux and I call, she don't pick up  
Then I fall when summer is ending  
I mean there's no pretending I'm stuck in my ways and you're offended  
That's life, that's you, this me, that's vice  
You're wrong, I'm right, that's light  
I belong somewhere on ice  
I'm colder a new blood type? Even colder  
Cold shoulder, Born Sinner, you know? Cole showed us!  
I have nothing to lose, my dark side been well in-tuned  
A Gemini go show them faces  
And this here just one of my moves, Babylon Was it worth it?  
Would you do it again?  
Aren't you tired of always making amends?

I know you hate me now  
I bet you hate me now  
Bring on the thorny crown  
Crucify Me
