Lay My Burden Down

Seemless

I, I work [Incomprehensible] fingers to the bone
And you know
I'm slipping down so lowGetting down on my knees
Yeah, praying for release
Lord, won't you help meI, I work [Incomprehensible] fingers to the bone
And you know
I'm slipping down so low, so low, so lowAnd I feel the weight dragging down on me
There's redemption coming that I seek
I can't close my eyes, close my eyes to see
This is what it means to bleedFor what you love
So let me bleedI, I work [Incomprehensible] fingers to the bone
And you know
I'm slipping down so lowGetting down on my knees
Yeah, praying for release
Lord, won't you help meI, I work [Incomprehensible] fingers to the bone
And you know
I'm slipping down so low, so low, so lowAnd I feel the weight dragging down on me
There's redemption coming that I seek
I can't close my eyes, close my eyes to see
This is what it means to bleedFor what you love
So let me bleedSo I lay my burden down
This is what it means to bleed, yeah
So I lay my burden down
This is what it means to bleedSo I lay my burden down
This is what it means to bleed, yeah
Oh Lord, won't you help me
Lay my burden downAlright, yeah
Lay my burden down
