My Mirage

Iron Butterfly

In my mind, I see a mirage on the wall
But unfortunately, it's not there at all
So, I guess I'll draw my mirage on the wall
Then it can be here to see and enjoyed by allMy mirage, I'll be drawing you soon
Then all of the beautiful people that come to our home
They'll be seeing you too
My mirage, I'll be drawing you soon
My mirage, I'll be seeing you soonIn my mind, I see a mirage on the wall
But unfortunately, it's not there at all
So, I guess I'll draw my mirage on the wall
Then it can be here to see and enjoyed by allMy mirage, I'll be drawing you soon
Then all of the beautiful people that come to our home
They'll be seeing you too
My mirage, I'll be drawing you soon
My mirage, they'll be seeing you soon
