This Is The World We Live In

Alcazar

Somebody's filled with hate
His faith is all about a certain
Too busy thinkin' bout the pain
To bother checkin' why it's hurtin'So come on make it right tonight
Gotta get in the light
Doesn't matter who you are
When you movin' up with AlcazarThis is the world we live in
(Ohh)
And these are the hands we're given
(Ohh)
Use them and let's start tryin'
(Ohh)
To make it a place worth livin' in
(Ohh)This is the world we live in
(Ohh)
And these are the hands we're given
(Ohh)
Use them and let's start tryin'
(Ohh)
To make it a place worth livin' in
(Ohh)When you're movin' up with Alcazar
(You're movin', you're movin', you're movin')
When you're movin' up with Alcazar
(You're movin', you're movin')Like a circle made of flames
No telling where it started burnin'
Oh for every fire you contain
A new one keeps the circle turnin'So come on make it right tonight
Gotta get in the light
Doesn't matter who you are
When you movin' up with AlcazarThis is the world we live in
(Ohh)
And these are the hands we're given
(Ohh)
You say them let's start tryin'
(Ohh)
To make it a place we're livin' in
(Where we live in)This is the world we live in
(Ohh)
And these are the hands we're given

(Ohh)
You say them let's start tryin'
(Let's start tryin)
To make it a place worth livin' inYou're movin'
Movin' movin' movin'
Movin', movin'
MoveDoesn't matter who you are
When you're movin' up with AlcazarThis is the world we live in
(Ohh)
And these are the hands we're given
(Ohh)
You say them let's start tryin'
(Ohh)
To make it a place we're livin' inThis is the world we live in
(Ohh)
And these are the hands we're given
(Ohh)
You say them let's start tryin'
(Ohh)
To make it a place we're livin' inWhen you're movin' up with Alcazar
(You're movin', you're movin', you're movin')
When you're movin' up with Alcazar
When you're movin' up with Alcazar
