

Wild One

Sundy Best

I lie awake, sick in bed
Clouds of doubt, they fill my head
Most days I wish that I was dead
As I lie awake here sick in bed
I think of love I've all but lost
Memories that I have tossed
Yeah, I've thrown away without cost
I think of love I've all but lost
Yeah, I been a wild one
Without any fear
And I've been a dumb one
Lucky to be here
And I'm just thankful
So I kneel down on the floor
No, I don't ever wanna be
The wild one anymore
The days go by and they go by quick
Gonna die so you better live
You get hurt and you forgive
The days go by and they go by quick
Yeah, I been a wild one
Without any fear
And I've been a dumb one
Lucky to be here
And I'm just thankful
So I kneel down on the floor
No, I don't ever wanna be
The wild one anymore
I've seen love bring up the sun
I've seen love that wars have won
You'll be my love when I am done
I've seen love bring up the sun
Yeah, I been a wild one
Without any fear
And I've been a dumb one
Lucky to be here
And I'm just thankful
So I kneel down on the floor
No, I don't ever wanna be

The wild one anymore
