

Better Days

Pete Murray

And I saw it coming
I saw emptiness and tragedy
And I felt like running so far away
Then knew I had to stay
And I know when I'm older
I look back and I still feel the pain
I know, I'll be stronger and I know, I'll be fine
For the rest of my days
I've seen better days
Put my face in my hands
Get down on my knees and I pray to God
Hope he sees me through till the end
I noticed most things
But I didn't notice the change
It was hot in the morning
Then it turned so cold, 't was the end of the day
There was no condensation
I just felt like I was in space
I needed my friends there I just turned around
They were gone without a trace
Seen better days
Put my face in my hands
Get down on my knees and I pray to God
Hope he sees me through till the end
Now I have just started
And I won't be done till the end
There's nothing I have lost
There was once placed upon my hands
And all of these hard times
Have faded 'round the bend
Now that I'm wiser, I cannot wait
Till I can help my friends
I've seen better days
Put my face in my hands
Get down on my knees and I pray to God
Hope he sees me through till the end
Seen better days
Put my face in my hands
Get down on my knees and I pray to God

Hope he sees me through till the end

Seen better

Na, na, na, na, na, na, na

Na, na, na, na, na, na, na

Na, na, na, na, na, na, na

Na, na, na, na, na, na, na
