

# Bones (Richard J Aarden Remix)

**Ben Howard**

Oh go, far from this small-town bar we know  
And go, frolic in the lights that brought you here  
So very long  
And hold, hold your lips so tightly at the shadows, we go  
'Cause I know, I know, I know, I know  
You can never be alone  
'Cause it's just the bones you're made of And you laugh like you've never been lonely  
That's alright, honey  
That's alright with me  
Oh, you laugh like there's hope in the story  
That's alright, honey  
That's alright with me  
Oh, you laugh like I'll be there to hold you always  
Always here  
I'm always, honey, always here And go, silent as death on the first day of the snow  
Oh go, leave these fires burning  
A house of embers and coal  
And cover, covered all those boys that search for love  
In your room  
'Cause lust is just a child's game and you  
Oh, you were always late to bloom And you laugh like you've never been lonely  
That's alright, honey  
That's alright with me  
Oh, you laugh like there's hope in the story  
That's alright, honey  
That's alright with me  
Oh, you laugh like I'll be there to hold you always  
Always here  
I'm always, honey, always here And you love like you've always been lonely  
That's alright honey  
That's alright with me  
Oh, you love him with all of your body  
That's alright honey  
That's alright with me  
Oh, you love him like you'll be there for always  
Always, honey, yeah, always near Always, honey, yeah, always near  
Always, honey, yeah, always near Oh, far from this small-town bar we know  
Oh, go, leave me with this bird and his song

Out here in the cold'Cause it's just the bones you're made of
