Living a Lie

Varna

Please tell me what happened to your life
You're not doing what you said
It kills you deep inside

Everything you said you wanted
Have you made the time
Lost and found around, around
All you do is hide

Are you living a lie
You can fool everyone but you can't fool me
Are you living a lie
You're not being the person you're supposed to be
Are you living a lie
When you look in the mirror do you know who you see
Are you living a lie
Are you living a lie
You're living a lie

Put a smile on you face so people don't know the truth
Act like everything is fine
They won't see the real you
If they only knew the demons that haunt your mind
Taking whatever they want my god
Its such a crime

Are you living a lie
You can fool everyone but you can't fool me
Are you living a lie
You're not being the person you're supposed to be
Are you living a lie
When you look in the mirror do you know who you see
Are you living a lie
Are you living a lie
You're living a lie
(Are you living)
(Are you living)

I don't care what you think You can do
All I know is you have to

You gotta feel It in your soul
You were made for so much more
So much more
So much more
So much more

Are you living a lie
You can fool everyone but you can't fool me
Are you living a lie
You're not being the person you're supposed to be
Are you living a lie
When you look in the mirror do you know who you see
Are you living a lie
Are you living a lie
You're living a lie
(Are you living)
(Are you living)
(Are you living)
