Up Against the Wall

Tino Coury

Verse 1
Now you know what it is, when we in this place
If you give me the time, then I'll give you the space
Hell no this aint no game, that I'm giving you
So baby turn around go ahead do what you do, do, d, doIf you want it, baby come and take it
What your giving girl you know I wont waste it
It's amazing, how your body shakin
But I can take itHook
You got me up against the wall
You keep pushing me back
And everything you do, you know I like it like that
Were up against the wall
Get into it show me how you move girl
Were up against the wall
Go head and lose it this is how we do
Were up against the wall, up against the wall
Were up against the wall, up against the wallVerse 2
Now I can feel the sweat
When your so close to me
And I cant help but stare while you riding this beat
This club closes at 3, so lets, lets get it in
Just drop down to the floor, push back on me again, again, againIf you want it, baby come and take it
What your giving girl you know I wont waste it
It's amazing, how your body shakin
The music breaks thenHook
You got me up against the wall
You keep pushing me back
And everything you do, you know I like it like that
Were up against the wall
Get into it show me how you move girl
Were up against the wall
Go head and lose it this is how we do
Were up against the wall, up against the wall
Were up against the wall, up against the wallBridgeYou dance ill fill your cup
We gonna live it up
No turning back no doubt
Dj lets make it loud
Were not looking for love
This here is just enough

So put them hands in the air, air, air, air
Ohhhh
We gonna free our minds
Ohhhh
We gonna live our life
Ohhhh
We gonna go all out
We gonna go all outHook
You got me up against the wall
You keep pushing me back
And everything you do, you know I like it like that
Were up against the wall
Get into it show me how you move girl
Were up against the wall
Go head and lose it this is how we do
Were up against the wall
