Breathe

Stick Figure

Hey, so here we are
Beneath the moon the rising sun and stars
It's a brand new day, it's a brand new start
To greet the world it's me and my guitar

When you feel alone, when you feel afraid
Don't hesitate to call my name
Cause I'll be there, be there for you
Cause, I'll be there when your feeling blue

Breathe and take it in
Breathe, take it in
Breathe and take it in
Breathe, take it in

From the hillside to the seas
From the mountains to the trees
There this place I long to be
And if I asked you, would you come with me?

Well I don't care what they say
I'd leave it all behind and move away
Won't you help me make my dreams come true
Won't you love me like I love you

Breathe and take it in
Breathe, take it in
Breathe and take it in
Breathe, take it all in

It's so easy lovin' you
Why do you make it so hard to do?
It's so easy lovin' you
Why do you make it so hard to do?
So hard to do (X8)

Can yo hear me, can you feel me?
It's alright, well if you only knew
Won't you hold me, won't you love me
Oh I'm still loving you, oh why?
