

Afterhours

[deadmau5](#)

I see you sitting at the bar
I wonder who the fuck you are You undress me with your eyes
Dreaming 'bout my creamy thighs Did you want to see my tits
Do you want to taste my lips Take me now I'm feeling hot
Right now right here on the spot Throw me down on the bar
Shall we do it in the car You're so naughty, I'm so nice
Maybe we should do it twice I don't even know your name
You don't even know my game I know you want to hear those screams
Cause your the one that's in my dreams I see you sitting at the bar
I wonder who the fuck you are You undress me with your eyes
Dreaming 'bout my creamy thighs Did you want to see my tits
Do you want to taste my lips Take me now I'm feeling hot
Right now right here on the spot Throw me down on the bar
Shall we do it in the car You're so naughty, I'm so nice
Maybe we should do it twice I don't even know your name
You don't even know my game I know you want to hear those screams
Cause your the one that's in my dreams
