Let's Be Us Again

Lonestar

Tell me what I have to do tonight 'Cause I'd do anything to make it right Let's be us again Sorry for the way I lost my head I don't know why I said the things I said Let's be us againHere I stand With everything to lose All I know is I don't wanna ever see the end Baby please, I'm reaching out for you Won't you open up your heart and let me come back in? Let's be us again Ooh us againLook at me, I'm way past pride Isn't there some way that we can try To be us again Even if it takes a while I'll wait right here until I see that smile That says we're us againHere I stand With everything to lose All I know is I don't wanna ever see the end Baby please, I'm reaching out for you Won't you open up your heart and let me come back in Let's be usBaby, baby what would I do? Can't imagine life without youHere I stand With everything to lose All I know is I don't wanna ever see the end Baby please, I'm reaching out for you Won't you open up your heart and let me come back inOh, here I am I'm reaching out for you So won't you open up your heart and let me come back in Let's be us again
