

S & M (a Love Song)

Kidneythieves

Distant son, nova fucker
Hit and run to another
Took from you, from me
Lash and caress in between
Hit the target won an animal
Got a piece, a trace, a slip inside
Tore a page from the bind
Handed a twisted sadistic
Wanted you to fix it
Chant, cry, moan, lie
Tender garden bang to dry
Pound the love outta me, beat the love outta me

Best I can do, pleasure/pain
Too close to you, I'll blow your ash away
Took from you, from me
Brutally
Pound the love outta me, beat the love outta me
[catch me if you can, butter a scent on your hand]wigs, whips, chains tied
you laughed, I cried
all I wanted is all you wanted
