

# Pop Your Fingers

Rose Royce

Let's ride  
It's a felling deep inside  
It's like a burnin' fire  
It's like a roller coaster rider  
Makes you wanna fly  
A natural high  
The beat, the beat  
Come on, people, move your feet  
Woo, pop your fingers  
Shake your groove thing down to the ground  
Well, I wanna see you get down  
Pop your fingers  
Shake your booty down to the ground  
Well, let me see you get down  
I'm a natural dancer  
I got a style of my own  
And ladies, let me tell you  
It's guaranteed to turn you on, look here  
I can pop, I can rock, I can boogie  
Dancin' is my specialty  
I got my funky band in the background rockin' steady  
So pick up wheels whenever you're ready  
Pop your fingers  
Shake your groove thing down to the ground  
Well, I wanna see you get down  
Pop your fingers  
Shake your booty down to the ground  
Well  
Feel the heat from the beat  
You know you should be dancin'  
Ladies, put your body in it  
Fellas, now you say, "No, no, no, no, don't stop"  
I want you to pop your fingers  
Shake your groove thing down to the ground  
Well, I wanna see you get down  
Pop your fingers  
  
Shake your money maker down to the ground  
Let me hear that horn sound

Ooh, pop your fingers  
Shake your groove thing down to the ground  
Well, I wanna see you get down  
Pop your fingers  
Shake your money maker down to the ground  
Well, I wanna see you get down  
All you roller-skaters  
You should not be spectators  
I want you to click your heels, spin your wheels  
And get on down to this funky sound  
I want you to pop your fingers  
Shake your groove thing down to the ground  
Well, I wanna see you get down  
Pop your fingers  
Shake your booty down to the ground  
Hey, yeah, hea, hea  
Everybody get on the floor  
Get out your seat, get on your feet  
Everybody get on the floor  
Get out your seat, get on your feet  
Ah, pop your fingers  
Shake your groove thing down to the ground  
Well, I wanna see you get down  
Pop your fingers  
Shake your booty down to the ground  
Ah ah ah ah  
Pop your fingers  
Shake your groove thing down to the ground  
Ladies, check me out, check me out  
Pop your fingers  
Shake your money maker to the ground  
Pop your fingers
