Wide Open Spaces

Kees Kraayenoord

Far above and beyond we can imagine
Much more than our eyes could ever see
So many beautiful treasures
Created by so great a King

In the wide open spaces
Of Your glory and grace
We will stand and shout our praise
Hallelujah
In the wide open spaces
Where there is freedom
We will stand and shout our praise
Hallelujah
Hallelujah

Love bought us into this wonderful story
Saved, rescued from death by One crucified
You've opened the doors so we can discover
Freedom in Christ, Lord of our lives

In the wide open spaces
Of Your glory and grace
We will stand and shout our praise
Hallelujah
In the wide open spaces
Where there is freedom
We will stand and shout our praise
Hallelujah
Hallelujah
