

We're Not In Kansas Anymore

I See Stars

We are dark
The way the night stretches over the sun
And we're up to no good
Yeah, we're up to no good No we won't go peaceful
There is no excuse for the way that we live
Yeah we're up to no good
No we won't go peaceful Will you release me my friend?
There's no where to run or hide
Again and again
Getting lost in the depths of my mind
And this cell can't hold back my dangerous thoughts 959 miles away is where you'll find me
I'm afraid I've been locked away
Throw out the key
Throw out the key
I'm afraid I've been locked away We are dark
The way the night stretches over the sun
And we're up to no good
Yeah, we're up to no good
No we won't go peaceful There is no excuse for the way that we live
Yeah we're up to no good
No we won't go peaceful Will you release me my friend?
There's no where to run or hide
Again and again
Getting lost in the depths of my mind
And this cell can't hold back my dangerous thoughts There's nowhere to run or hide
Getting lost in the depths of my mind 959 miles away is where you'll find me
I'm afraid I've been locked away
Throw out the key
Throw out the key
I'm afraid I've been locked away Don't look back
Don't look back Get me the hell away from here You don't know you're free
Until you're locked away
Even just for a day I tell you I'm not the man I used to be
