Times Like These

blessthefall

you make me whole and i want to thank you for this
i wanna thank you for this chance to be angels
you push me to strive harder when i'm unable
and i want, you said, i need this - i want, you said, don't leave this
now's our time were gonna make things right and pull through tonight
i remember when we were younger we had nothing but strived for something
and i wanna thank you for this chance to be angels
thank you for everything, we had nothing and strived for something
i remember when we were young, we had nothing and strived for something
and now i want to know like fire, come and drown with me like the fire
come and light the fire, light the flames
