Exhibit B

Boogie Down Productions

{History can never be made by one man we must smash this one quickly
History is made only by the masses of the people, this is clear
Even a, cursory glance at the falasfallacious presentation
Of history by the American capitalist system, will demonstrate just this
Take George Washington as bad as he is, put him in the middle of
Valley Forge, by himself, surrounded by the British, he can do nothing}{Take Martin Luther King as righteous as he is, put him in the middle of
Birmingham by himself, speaking out against racism, he would be lynched
But you take this same King, you take this same Washington
Put them in Valley Forge, put them in Alabama
Surround them with thousands of people who have the same ideas they do
Willing to make those ideas reality and the situation changes drastically}
