

# She Can't Tell

## MOTHR

I wake up in a strange place  
Sounds of Ethiopia  
She's wearing the same thing  
Every time I'm so far from home  
So far from grown  
Keep hearing the same thing  
She can't tell I can't tell her  
You wear it well  
I know better  
Sometimes I need the pain Keeps me right  
And I'm never gonna be the same  
How I like  
Still living like on the run now And I'm living like on the run  
She can't tell  
I can't tell her  
You wear it well I know better  
So far from home  
So far from grown
