

# Sunset

## Pony Bravo

And tonight  
I only see the answer  
i'm coming back to your lostI only see the ansalo  
and I should be cruel with this moment  
cruel in the moment I felt blueNow I'm drown in the circle explosions  
I'll be award  
when the flowers smell the way you doIn the sunset I remember you  
'cause the flowers smell the way you used toAnd tonight  
yeah, tonight I only see the answer  
I'm trouble fight seeing the only things I like  
I know I have distorsions  
Trouble and trouble is that I leave behindBecause there are too many reasons  
yeah, too many ways of feeling blueIn the sunset I remember you  
'cause the flowers smell the way you used to do
