[Chorus]

I just a tell it like it is, yeah

I've got to be blatant in this time
Just like I know 1 + 1 no make 9 (Repeat) Now what was I saying about being blatant
You got to be blatant in an argument
You got to make sure your feelings are felt
Perfect example for you from me
Watch lying politicians me seh on me T.V.
Pay big big money for the licence fee
(At the same time them a try fi fool we) (Repeat)[Chorus] I just tell it like it is, yeah
I just tell it like it is, oh yeah

Now let me tell me more about being blatant
You got to be blatant me seh
With product you invent If you don't patent it
You nah see a cent
You have no money fi go pay up your rent
If you crash fi your car Or you in an accident
If it's not your fault you be blatant [Chorus] I just tell it like it is, yeah
I just tell it like it is, oh yeah

Police come and mess with me pon the pavement
They say oi' where you going, what you doing here?
I just leave mi house fi go buy a tin of beer Another example of being blatant

If that's not blatant murder
Then murder can't be found (Repeat)[Chorus]
