As if it's nothing
You come to me and put your arm in mine, baby
Will you notice how my heart is pounding?
So I just told you to go away
Uh, Baby Girl
We Should Take It Slow,
I mean We Do It All
But We Just Aint Showing
Our hearts are playing hide and seek
Going from this to that
I am so confused
So Worry About I Want You
More Than Now
I feel that you are the same as me
When someone asks
We look at each other
And say we just know each other
But it's not like that
Every time that happens
I want to hold your hand
And say we're lovers
I say it to myself
Just knowing each other, that's it
Sometimes, we're awkward
Just knowing each other, that's it
Just knowing each other
We're too deep to be just knowing each other
It's too dangerous to not be like that
Every time I see you pick up the phone
When a different guy calls
I get mad without knowing
I know it's funny that I'm getting angry
But why are you apologizing?
It's confusing me even more
I Am Worry About, you look different
I'm afraid of that face that I've never seen before
So Worry About
I Want You More Then Now
I'm afraid that I'll lose you

When someone asks
We look at each other
And say we just know each other
But it's not like that
Every time that happens
I want to hold your hand
And say we're lovers
I say it to myself
Just knowing each other (We Are)
Just knowing each other (There's Something)
Just knowing each other (You And Me) Oh
Back In A Day From Day One
It's been the same thing between us
We're not friends, not lovers
This is anything, it's amazing
You said you found a nice guy, good bye then
We're nothing anyway, good bye then
Now the closer we get
The more it hurts (we grow apart)
When someone asks
We look at each other
And say we just know each other (know each other)
But it's not like that (it's gonna hurt like this)
Every time that happens
I want to hold your hand
And say we're lovers
I say it to myself
Just knowing each other, that's it
Sometimes, we're awkward
Just knowing each other, that's it
Just knowing each other
