

# In Vain or True

## Fistful of Mercy

Just 'cause you say so  
Don't make it true  
Just 'cause it's over  
Don't mean we're through I know how I feel for you  
Is my love for you in vain or true?  
Is my love for you in vain or true? Can you hear the voices singing to you?  
With a little patience can't it be cool?  
I still remember, why can't you?  
Into the darkness born now anew I know how I feel for you  
Is my love for you in vain or true?  
Is my love for you in vain or true?
