

Jam (Turn It Up)

Kim Kardashian

Turn me up, turn me up
Turn me, turn me, turn me up
Yeah, yeah, yeah, yeah
Yeah, yeah, yeah, yeah

I'm goin' out tonight, it's goin' down
Headin' straight to the front of the line
On the fly, on the floor I can't stand still
And I'm goin' to work like I'm playin' my bills, bills
My whole clique's on the floor
We're gonna party then party some more
RosÃ© up in the air
Feelin' good, feelin' great, just got paid

They playin' my jam

Turn it up, turn it up, turn it up, turn it up
Turn it up, turn it up DJ
Turn it up, turn it up, turn it up, turn it up
So I can rock the night away, away

I'mma burn it out tonight
It's goin' down by live via satellite
And all I see is angels in my eyes
And the buzz got me way up in the sky
Maybach in the front
Pick out any boy that I want
DJ, here I am
Feelin' good, feelin' great, just got paid

Girls in the building, fellas in the club
Boys spendin' money, girls lookin' good
I'm on the floor, livin' my life
Feelin' so good, feelin' so right
Got my hands up, celebrate like it's my birthday
Five more shots of tequila, I'm thirsty
Feelin' so good, feelin' so great
Tonight, tonight, tonight, tonight
