Summer's Talkin'

Monkey Trick

Find a sunny spot, a warm place to lay down
Let your hands touch the hot, hot ... sand, and let your eyes roam around
Watch as they all walk by ...
Summer in their eyes, Sand on their skin
Stress gone... when sand's on everything
Down by the ocean, take a walk, feet touching ocean tides
In and out, watch waves rise, rise, rise...
Summer in your eyes, Sand on your skin
Stress gone... when sand's on everything
Feel it in water, see it in the sky...
Summer in your eyes, Sand on your skin
Stress gone... when sand's on everythingListening.. I'm listening...
The summer's talkin'
The summer's talkin'
