Ain't Quite Right

Paul Stanley

You were standin' and I was thinkin'
Of all the time that I spend hangin' around
Situation could only get better
I got closer to see what I've foundIn the mornin', movin' easy
Everything seems so right
But when the night comes, I've been dreamin'
Dreamin' 'bout leavin' you one more timeGirl, you gave me good love
But it ain't quite rightMmm, no, I won't tell you
That you're the only one for me
And I'd be a liar if I promised
I could give you every single thing you ever needYou gave me good love
But it ain't quite right
Yeah, you gave me good love
But it ain't quite right, mmmLookin' back now seems so easy
You were the best thing ever happened to me
I can't complain
It was worth every minute we had'Cause, you gave me good love
But it ain't quite right
Yeah, you gave me good love
But it ain't quite right
