

# Molded Plastic

## The Epoxies

I made some molded plastic  
My circuits are hardwired  
I'm solid state  
So I never get tired Yeah  
Something's going on  
If you think you are strong  
I'll show you just how wrong you are My eyes are blue electric  
My skin is nylon smooth  
I tell I don't want to  
You do what I want you to Yeah  
Something's going on  
If you think you are strong  
I'll show you just how wrong you are I'm all that you desire  
I've noticed who you are  
I am your weakness  
I only get so far Yeah  
Something's going on  
If you think you are strong  
I'll show you just how wrong you are I made some molded plastic
