That's Alright

Virgin Forest

It brings you down, it gets the better of you
She's not around and yet it stays with you
Nobody told you it was a waste of time
You're heading home
Through all the streets you know
You're on your own, don't wanna be alone
Nobody holds you tonight
That's alright, that's alright just
(Alright, alright)
Take your time to find what it is you're looking for
(Alright, alright)
That's alright, that's alright just
(Alright, alright)
Hold it out a little more
You'll know when you start to fall
(Alright, alright)
And though you say that it's okay with you
Although today has run away from you
I won't believe you tonight
That's alright, that's alright just
(Alright, alright)
Take your time to find what it is you're looking for
(Alright, alright)
That's alright, that's alright just
(Alright, alright)
Hold it out a little more
Nothing matters more when you're in love, no
(Alright, alright)
You're not in love, no, not in love
(Alright, alright, alright, alright)
You're not in love, no, you're not in love, no
Not in love, you're not in love
(Alright, alright)
Not in love, you're not in love
(Alright, alright)
