Friend (You've Been Whispering Again)

Perry Blake

(you've been whispering again)Why does it have to have a name?
Why does it have to have a name?
It's you and i, you and i
Love walks a long and lonely road
Sticks to the breeze and what it knows
It's you and i, you and iFriend, you've been whispering again
Friend, you've been whispering againWildflowers grow and call your name
Under the moon it stays the same
It's you and i, you and i
Jump through the fields and kiss the sky
Asking the gods forgiveness - why?
It's you and i, you and i
